11.45-12.15 Coffee break 30'		
S03. 12.15-13.30 New strategies in osteoporosis treatment 75'		
Chairman: Papapoulos S., Franek E.		
	Efficacy of romososumab in fracture prevention	Papapoulos S.
	Abaloparatide in osteoporosis treatment	Franek E.
	Sequential therapy in osteoporosis treatment	Osieleniec J.
	The effect of treatments for osteoporosis on mortality	Cummings S., Lui L., Allen I., Eastell R.
13.30 - 14.30 Lunch / Poster session 60'		
	Course organized by Norax Medical: REMS ultrasound densitometry in modern diagnostics of osteoporosis	Leszczyński P., Iwaszkiewicz C.

S04. 14.30-15.45 Advances in diagnostics and treatment of osteoporosis		75'
Chairman: Kanis J., Czerwiński E.		
Use of TBS in fracture risk assessment in osteopenia		Amarowicz J. Berwecka M, Warzecha M., Czerwinski E.
FRAX efficacy in fracture prevention - (SCOOP)		Kanis J.
Vertebral Fracture Assessment in the diagnosis of asymptomatic spinal fractures		Leszczyński P. Iwaszkiewicz C
Bone densitometry using ultrasound radio frequency multispectrometry (REMS) in diagnosing osteoporosis		Iwaszkiewicz C., Leszczyński P.
Comparative analysis of diagnostic methods of osteoporosis using traditional densitometry and REMS system - sonographic technique using radiofrequency		Nowakowska-Plaza A., Głuszko P.
15.45-16.15 Coffee break		30'
S05. 16.15-17.35 Complications in osteoporosis treatment		80'
Chairman: Pluskiewicz W., Kucharz E.		
Bisphosphonates - indications (SPC) and contraindications		Pluskiewicz W.
Atypical fractures - diagnosis and treatment		Czerwiński E., Warzecha M.
Prevention of medication-related osteonecrosis of the jaws		Wyszyńska- Pawelec G.
Treatment of vertebral fractures		Jabłoński M.
Complex Regional Pain Syndrome (algodystrophy, Sudeck's syndrome)		Żyłuk A.
S06. 17.35-18.35 Round-table discussion: Problems related to treatment of osteoporosis in Poland		60'

DAY II- 28.09.2019 (Saturday)

S07. 8.00-9.40 Osteoporosis - not only postmenopausal 100'

Chairman: Misiorowski W., Korkosz M.

Diagnostic algorithm of osteoporosis in endocrine diseases	Franek E.
Osteoporosis in the aging male	Misiorowski W.
Management of mineral bone disorders in chronic kidney diseases (CKD-MBD)	Więcek A.
Osteoporosis in the course of pharmacotherapy of breast and prostate cancer	Kalinka - Warzocha E.
Osteoporosis in systemic connective tissue diseases	Osieleniec J.
Quality of life of elderly men with osteoporosis	Nawrat-Szołtysik A. Opara J., Miodońska Z., Adamczuk E., Matyja B., Polak A.

9.40 – 10.10 Coffee break 30'

S08. 10.10-11.45 Advances in the treatment of osteoarthritis 95'

Chairman: Reginster J-Y., Jaworek J.

Advances in osteoarthritis treatment	Reginster J-Y.
Preparations given in intra-articular injections in the treatment of osteoarthritis - do they actually cure?	Białoszewski D.
Musculoskeletal manifestations of hyperparathyroidism	Badurski J.
Pain management in osteoarthritis	Woroń J.
Role of physiotherapy in prophylactic and therapy of osteoarthrosis	Jaworek J.

S09. 11.45-13.00 Aging and sarcopenia 75'

Chairman: Grodzicki T., Povoroznyuk V.

Healthy aging	Grodzicki T.
The most recent definition of sarcopenia	Berwecka M., Warzecha M.
Sarcopenia - prevention and treatment	Povoroznyuk V.
Falls risk assessment, strength, gait speed, muscle mass	Warzecha M.

13.00 - 14.00 Lunch 60'

S10. 14.00-15.30 The increase of the untreated – possible interventions 90'

Chairman: Brzosko M, Głuszko P.

Current status of osteoporosis treatment in Poland	Brzosko M.
Mortality after proximal femur fracture in Poland	Glinkowski W., Narloch J., Krasuski K., Śliwczyński A.
Why does the number of the non-treated osteoporosis patients increase in Poland?	Czerwiński E., Borowy P., Amarowicz J.
Importance of FLS in fracture prevention	Amarowicz J., Czerwiński E. Kumorek A.
Polish program for the coordination of osteoporotic fracture prevention POWER	Głuszko P.
S11. 15.30-17.10 Miscellaneous	90'
Chairman: Lorenc R., Konstantynowicz J.	
Role of genetics in fracture risk prediction	Palicka V.
Osteogenesis imperfecta in adults: a brief overview and current challenges	Konstantynowicz J.
Position of Bone Turnover Markers (BTM) in Diagnostic and Treatment of Osteoporosis	Lorenc R.
Bone metabolism disorders in rare diseases	Borowy P.
Osseous involvement in patients with sarcoidosis	Kucharz E.
FRAX and TBS in fracture risk assessment	Berwecka M.

17.10 Closing ceremony

* The Organizing Committee reserves itself the right to implement further changes to programme if required
